

Indianapolis Airport Authority
XBE Outreach Event – August 5, 2014

Anticipated 2015 projects requiring engineering/planning services. Final schedule may be contingent on funding availability.

Projects to be selected by Request for Proposals (anticipated release August 2014)

- Indianapolis International Airport
 - Airfield Pavement Evaluation and Management Plan Update (**Pavement Analysis**)
 - Preliminary Design Airfield Electrical Replacement (planned transition to LED) (**Electrical Design**)
 - Preliminary Design New Airfield Maintenance Facility (facility sizing and layout on selected site) (**Site Planning**)
 - Rehabilitate Roof at International Arrivals Building (IAB) (**Building**)

- Metropolitan Airport
 - Rehabilitate Runway and Taxiway Connectors and Replace Airfield Lights (**Asphalt and Electrical**)

Other Request for Proposals

- On-Call Service Expertise Areas (release Fall 2014):
 - Architectural
 - Civil Site for Landside and Airside (with subspecialties)
 - Surveying for Landside and Airside
 - Aviation Planning
 - Structural Engineering
 - Mechanical/Electrical/Plumbing Engineering
 - Environmental Services (with subspecialties)
 - Value Engineering

Selection of 2-3 **firms** (not teams) per area/subspecialty for a 2 year agreement.

On-call service firms will be used to assist the OWNER in a variety of project types involving, but not limited to, engineering, architectural, environmental or other technical services. Projects may be emergency, quick response, investigational,

conceptual or operational and maintenance types of projects and airport cash funded capital projects including procurement assistance and construction oversight if applicable. On projects, the on-call firm will be requested by IAA to assemble the necessary team members providing maximum opportunity for supplier diversity participation.

- Potential Airport Geographic Information System (Schedule TBD)
